

## WHAT'S NEW THIS SUMMER?

**Street Hockey:** Campers will learn the basic skills of street hockey, safety, puck control, passing, shooting and defense. Campers will use real hockey sticks, goals and full goalie pads on the outdoor blacktop of NHDC Arena.

**Crunch and Munch Cooking™** : Campers will explore the world of creative cooking through mindful and innovative recipes custom tailored to cater to even the pickiest eaters! Children will learn to slice, dice, mash, measure, and pour as they mix their up their own healthy meals from start to finish. Original recipe books will be distributed at the end of each session. Guaranteed to be finger-lickin' fun! *\*Crunch and Munch is allergy aware, please inquire for specific details.*

**Introduction to Guitar:** Lead by Dan Sullivan with over 40 years of playing experience campers will focus on musical styles such as Classical, Flamenco, Blues, R&B, Rock and Current Pop. Beginners will start by learning about the instrument. Campers will also explore the strings and chords as they learn folk and pop songs. The session will end with a presentation in front of the entire camp during morning announcements.

**Party Dance:** Campers will learn and participate in the most current dance steps as well as past classics. Campers will use video and web based equipment to practice and perform. The session will end with a dance competition and presentation in front of camp during morning announcements!

### **Joe Fisher's Magic Show Experience: SECRETS OF MAGIC**

A look behind the scenes to see how magicians do their tricks. Each child gets their own "bag of magic" making them real magicians. If you are looking for a different type of program then this is it. JOE FISCHER is a special type of entertainer who has the teaching ability and patience to make this a memorable event.

**NHDC Podcast:** Campers will create a unique podcast production using camp content, interviews, special events, special guest interviews and much more. Campers will have the opportunity to use the Zoom H4N Pro Digital Track Multi Recorder and on camera microphone for crystal clear audio. The format of the program will be developed based off the interests of the campers in that 2-week session. The podcast will be available at the end of the week and can be downloaded at [www.newhorizonsdaycamp.com](http://www.newhorizonsdaycamp.com) and can be played on any device.

**Beginner/Intermediate Guitar:** Campers will expand upon the introduction to guitar skills, learning chords, scales as well as playing techniques and philosophies that will take them to the next level. We may produce the next Eric Clapton! The session will end with a presentation in front of the entire camp at morning announcements.

## Introduction to Perspective:

**Introduction to Perspective:** Counselors will guide the camper through a series of exercises designed to teach all the essentials of using perspective. Revealing projects focus on professional artworks, all shown in the making so novices can follow the creative process step-by-step. Campers will learn, improve, or master drawing and painting skills. Campers will gain both the confidence and the know-how to create imaginative, beautiful pictures. Subjects will include: still life, portraiture, or landscape, in specific media such as oil, watercolor, or acrylic.

**Hip Hop Dance Team:** Campers will learn the hip hop style of dance while listening to and learning steps and progressions from classic to current hip hop. The session will end with a dance competition as well as a presentation in front of the entire camp during morning announcements.

**Beginner Ukulele:** Campers will learn the basics of the ukulele from hand position to basic chords. Ukulele is the perfect instrument for learning prior to playing the guitar. Campers will be able to pick it up quickly and jam together as they present in front of the entire camp during morning announcements.

**3-D Printing:** Campers will design several types of projects on computer software and use Maker Bot 2x to print them and take them home at the end of the session. Campers will create key chains, figures, vehicles and many others cool mementos. If you can build it and design it, it's yours!

**OOEY GOOEY SCIENCE™:** Captivate and stimulate young minds with exciting hands-on exploration of simple scientific concepts through play, crafts and demonstrations. From chemistry, to magnets, to rainbows children will discover how science can help us to better understand the world around us.

**Boom Wacker Band:** Campers will use instruments called boom whackers to follow and create different rhythms individually and as a group. This session will end with a presentation in front of the entire camp during morning announcements.

**Graphic Design:** In week 1 campers will be introduced to the Bezier Game and will create a superhero screensaver. Campers will also complete projects such as: Trace a Snail, Text Masking and Album Cover. In week 2 campers will design a poster, brainstorm and sketch, blog and print their project.
